

Transactional Musings

Volume 1, Issue 11

November 11, 2010

Special points of Interest:

- In brief, in the Theory of Freedom, not included are elements on how individuals and go'vts are related; social behavior racketeering; games people play; social modalities. Most of this material has been taught to High School students with personal benefits to the individual (and the school education) each becoming more skilled at considerably and responsibly governing his own individual behavior around and with others and at home, too.

California Constitution Article 7, Section 10.

- Jerry Brown is the present Attorney General of California. It is doubtful he or his Office will enforce the slander / libel provisions in Article 7, Section 10. Conflict of interest? Insider deal?

Inside this issue:

Oh California	1
Federal Reserve Notes - the dollar bill	1
"Freedom Theory"	2

Oh California

Sentiment for big government, pro climate-action-planning, anti-oil company sentiment, and economic ignorance is strong in California. Many, if not the majority of the voters have not made the connection between their financial-household crisis and their decisions regarding the above sentiments.

"Apparently" people voted for the same retreat, union backed politicians with the same weak arguments regarding the "riche" people and the "poor down and outers." Amazing

The voters were persuaded by political commercials that edged up on, and in some cases crossed the line (B. Boxer campaign ads). Many political ads "cleverly" were designed to be nasty, vile, vituperative, suggestive, adolescent type rants using exaggeration, draconian graphic word phrases; AND difficult for the large numbers of immigrants to understand the nuances and half truths of the English language used. Many of those voting went for it.

Jerry Brown, candidate for his third term as Governor even got in a freebie when a tape recording was

"leaked" regarding something said at a brain storming session for political advertizing schemes. Someone said, and it sure sounded like Jerry, that his primary opponent was a *oar. The "news" media carried the story for days. Everyone at Jerry et al didn't do much; and then conveniently Jerry's wife took the "gaffe rap." Ridicule is the norm for them. Slander? Libel?

The "Democrat Party" group of partisans is now bragging, gloating about a sweep in California. Beginning in 2011 they will control of the Governor's position, the State Assembly, and State Senate. I'm not sure what the Courts look like now. In addition to this, the people of California passed a referendum changing the Legislative vote required to pass a budget: from two-thirds now, to a 50%+ majority. Amazing

Businesses are closing down, have left the state or gone to China. With Legislative passage of sweeping environmental requirements coming, even the remaining industries left in California are facing extinction.

Homeowners, in many cases are underwater (owe more than they can get for their homes). Starting in 2011 newly constructed houses will be required to have fire sprinklers installed. This is not cheap (nor safe, especially with young children around).

I've heard that farmers in the Fresno area have been required not to plant their fields because there is "not enough water" for the Cal-FED regulation requirements. California is importing a lot of agricultural products now.

Prisons are bulging with inmates (three strikes you are in for good).

K-12 schools are not doing so good: very high drop out rates, language deficiencies, mandatory sex (pornography) education.

Yes, there is a lot of self-rekidding going on. The following diagram sums it up. Childhood beliefs are intruding into Adult thinking. An overlap has occurred.

Instead of being controlled by your outrage, separate your Child feelings and Adult thinking.

Apparently the recent launch of a missile off the coast of L.A , as reported in the L.A. Times 11-9-2010, was a "mirage," "contrail." Difficult to accept the ridicule, dismissal after the due diligence and specific information, video. Timed just before the G-20 meeting in Korea, one of the prerequisites, caveats of a classified submarine missile launch is "make sure you don't shoot a whale."

Freedom Diagram

The Federal Reserve System is enslaving people to debt. This is not Freedom.

Federal Reserve Notes - the dollar bill

The next time you pull a Federal Reserve Note out of your wallet, purse, take another look at it. I'm referring to "Money." On the back side it says "In God We Trust." On the front lower left it says in small print: "This Note is Legal Tender for All Debts, Public

and Private."

This greenback is recognized world wide. And as more of these are made (printed) to cover all the public and private debts, the value of this note is decreasing. In other words, it is costing more to buy fuel, food, medicine, shoes,

clothing; even the stuff from China is costing more.

What's next? What's to do? What's to do about the Federal Reserve System? The system appears to be a lot more powerful than our "constitutional" form of government.

A person's internal PARENT is the organ holding ones personal values, ethics, principles and is the basis for forming personal judgments. The Parent defines what's good for the person and what's not. It protects and fosters the integrity of the person and valued others (family) - social, environmental, physical, nutritional, and educational.

A person's ADULT is the organ of reasoning.

A person's CHILD is the collection of childhood experiences, the basis of one's ongoing emotional life. Your Child is inventive, imaginative. (E. Berne)

“Personal judgment” is a product of personal Parent AND Adult.

Freedom Theory Letter continued

The following is a continuation of the “[The Freedom Theory Letter](#)” written by F.H. Ernst Jr. in February 1988.

“Recently another CFR star agent, Frank Carlucci, has arisen to the top of governmental visibility, first at NSC, now at the Pentagon. For those who think Casper Weinberger was a blessing, he has been in CFR just about as long as George Shultz. Casper was given “the good-guy”, pro-US defense role in the CFR's casting, for us the public to see. He did **TALK** a lot for Strategic Defense Initiative **BUT** it is still on the shelf. **ACTIONS by Weinberger? NO SDI** in over 5 years since proposed by the President. This **despite good working equipment being ready to DEFEND US, NOW.**

One of the features of the psychopath, whether a “**Situational Personality**” OR an “**Anti-Social Personality**” is the discrepancy between his words AND (the results of) his deeds. Another feature of the con man psychopath is his charming, convincing “patter.”

Bill Casey, CFR, built the road from Russia to Afghanistan the Russians use now, instrumental in getting the Soviets their truck factory that now builds carriers for the troops into Afghanistan. Most likely he changed his mind out of sight of the CFR in the mid 80s and just like a KGB defector readying to defect, covered his tracks well. **He did set up the “Covert of Coverts”** as Oliver North said last July. This Covert of Covert's was **the unmasking of Council On Foreign Relations, “The Elite Boy's Club of New York.”**

I don't know what to make of **Jeanne Kirkpatrick's** recent CFR membership. Maybe one of those innocuous bland, window dressings on their part? Or something more serious? She presents **good talks** to freedom fighters. I do recall that **former California US Senator** who got his reputation by “confronting” the “bad-mouthers” at San Francisco State about 25 years ago; **then as Senator**

{Hayakawa} was the **67th vote to give away the Panama Canal**, 10 years ago. The **staging** at SF State 25 years ago was nothing short of completely and masterfully convincing, then. **Made his “conservative” name!**

Best conservative estimate: 70% US Senate controlled by CFR AND at least 65% of the US House of Representatives. This based on stories in eg, Insight, Human Events, Washington Inquirer, Independent American, Chattanooga, Richmond VA, New Hampshire papers, R. Murdoch's papers, **AND their own voting records.**

Then too, **Alex Haig**, member of CFR? Beats me! He has become richer by a million or so since his State Dept days. Last few days he sent his supporters over to Dole's side.

Arnaud de Boorchgrave, CFR: There is nothing inconsistent with his being **Editor of the Washington Times AND member in good standing of the Council on Foreign Relations.** As above, the only way for a club intent on bringing down liberty in a nation like the USA, is to staff **both** the freedom forces **AND** the coercion forces. No question, **William F. Buckley, CFR, is precocious.**

Katharine Graham, CFR, owner of the anti-freedom, Washington Post, billions in personal assets. **A. Ochs Sulzberger and A. Hays Sulzberger, New York Times, members of CFR,** constant companion of their own “situational truths”, and their own “situational freedom” of their own press. They (and their staff) decide what is “news” and what (to suppress because it) is “non-news.” **Taking orders, giving orders?**

El Salvador a few years back? The populace there in their own national election, harassed and bleeding from Castro's Cuban and Ortega's Nicaraguan ambushes really thought they could select the leader of their own choice, D'Aubisson! NOT SO! A little name calling and we here in US

went for it. D'Aubisson was “persona non grata” to CFR. The CFR controllers in our CFR run US State Dept. threw out the results of that election, called for another. It was all made to sound plausible to us here at home by the CFR's media in our homes and papers. We here in this country were fed the standard pablum and ipecac (makes you throw up) about someone the CFR does not like in a far away place. Remember the Shah? Duarte in office since as CFR puppet. There has been the wholesale installation of CFR approved Salvadoran “situationals” into every conceivable office of that nation's bureaucracy, top to bottom.

Of our own elected representatives, it is a rare one who, when not a “**situational personality**” himself, does not have a “**peer reviewed**” marriage. This is true which ever gender the elected. **AND almost routinely** the elected have a severe case of office “**staff infection.**” “Dr. X?”

One of the dangers increasingly apparent to those of us looking at the “**benefits**” of the CFR as they run our media and most of our elected, plus a lot of our judiciary, IS THE DANGER of them being able to manufacture a set of real crises for the country, eg at the same time: Some major strikes, bank failures, banning private guns **AND** private gold, perhaps a few “cooperative” Soviet missiles thrown in for good measure, breakdown of private telephone system **AND** CFR TV blaring on its networks, the “inescapable doom” if we don't “**compromise a little**” and give up “**a few of**” our freedoms. Then “naturally”, a big cry for a “Constitutional Convention to take care of **your safety AND protect you**” (a standard protection racket line). The Russians ARE NOT THE PRINCIPLE THREAT TO US.

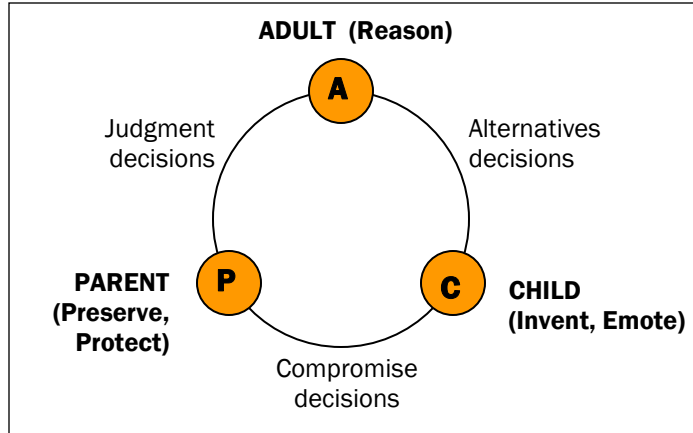

What was the **US Senate vote on the anti-US citizen Genocide Treaty, two years**

ago? About 82 for it in our Senate. The Genocide Treaty? All it does is to insure **the removal of a segment of the U S citizen's personal Constitutional protections** by the courts of **our land**. It places certain matters, like certain kinds of name calling and perhaps some individual assaults out of the jurisdiction of US Courts and US Constitutional law, and instead places these before the World Court. **Nothing in that treaty requires a nation be held accountable for its crimes against a race.** Nothing in that treaty outlaws the genocide by the Soviet Government against the Afghanistan people, or in Ethiopia or

Why identify the Genocide Treaty vote with the number of US Senators with **suspicion of a Situational Personality**? Each Senator knew what he was voting on. Each one got at least one letter and one call about the nature of that treaty before he voted on it. **Those Senators who voted against were articulate AND did inform their colleagues.** Taking orders on how to vote or not, each had the information about that **treaty's adverse effect on the individual citizen's Constitutional right's.** President signed it, true! Who's his closest adviser?

As **M. Rothbard** has said, **John Davidson Rockefeller** set out to gain total power and control around the globe over all petroleum reserves, refining, distribution and sales facilities. His progeny continue in the same goal, just deleting the conditions in the above sentence after "all."

The **purpose of any bureaucracy is FIRST to perpetuate itself, SECOND to control and regulate some aspect of human behavior. The total bureaucracy aims to totally regulate the behavior** of those under its control, eg China - the block warden in charge of female reproductive behavior, ie monthly menstruation check-ups.

THE DECISIONS A PERSON MAKES: Circling the three stacked circles (Rissman) enables us to classify and portray a person's **ways of making decisions.** Circling them **helps even better to graphically display the defects of the negite's Situational Personality.**

The **decisions people make, can be sorted into three classes:**

1. **Alternative type decisions** - locate and choose from among an assortment. This kind of decision involves **Adult AND Child.**
2. **Compromise decisions** - give and take, give a little and gain a little. These involve use of ones **Parent AND Child.**
3. **Judgment decisions** - deciding on a course of action that will have effects upon the future health, welfare and safety of self and/or others, ie involving protection of the integrity of someone. These are made by using ones **Parent AND Adult.**

Personal judgment involves making decisions affecting present AND future events/ circumstances. Quality **judgment decisions require both** the accumulation of a body of **experience/learning** (Adult) **AND** keeping one's own stable set of reliable and tested **personal values by which to calibrate** the future effects of the decision on self and/or others.

Ask a negite (termite) for a decision involving personal judgment. Quite often, espe-

cially if not pre-rehearsed, he will beg off for the time being (until he can get back to his committee for a decision/ backing).

"SITUATIONAL JUDGMENTS"

Having had the **more stabilized and fixed reference points for behavior and conduct** (personal values and ethics) removed from their individual personalities in order to accommodate their Invisible Bureaucracy, they {negites} are unable to generate viable judgment decisions. **Absence of personal Parent values in the Situational Personality** leads to the handicap in making judgment decisions.

ILLUSTRATION: Summer 1987 on Crossfire at **Robert Novak's comment to Robert McNamara** that the Mutually Assured Destruction doctrine **"Shows poor judgment"**, CFR's McNamara came unglued. His Childhood based impotent rage showed fully. He did not have the personal judgment available to back off. His **Child was exposed**, unprotected by anything except naked rage, ie **MAD in action!**

As a **substitute for judgment**, NEGITES (termites) try to compensate, using alternatives style thinking, first **"Brainstorming"** for a range of alternatives, then again using "alternatives", cutting up each brainstormed alternative for liabilities, concluding with testing the surviving alternatives in committee mock-up dress rehearsals.

In the case of the "Situational Personality" the personal PARENT has been replaced by the "Situational-Committee" PARENT and its "Situational" ethics, values & instructions. (& "peer review") In the background, extensive "committee work" has gone into preparation of the unit, (deactivating personal value after personal value) and a regular testing program implemented to make sure those personality elements are not coming back to life. **DIAGNOSTIC** of the situational personality: **No Personal Parent. Self-rekidding is active.**

"Personal judgment" is absent when the personal Parent is absent.

"Freedom Theory Letter" continued

SITUATIONAL PERSONALITY COMPROMISES

Another spin off to understanding the Situational Personality by circling the stacked circles, is that now we can see that the **Compromises they make**, are not real compromises. **Again**, having **no personal Parent**, their **"Compromises" are still alternatives**, only in another shading. Once a treaty or agreement is signed it is then time to reopen negotiations. This is how the Soviets do it. This is how that "master of compromise", Howard Baker does it.

Without **personal values and ethics** there is no personal commitment for any negite (termite) to stay with the intent of any word he gave, abide by any treaty (contract) he signed. For the Situational Personality, "keeping his word (or not)" is another set of alternatives to choose from AND will depend solely on considerations of alternatives by the bureaucracy in which the unit is a member. This helps to account for the Soviet respect for a strong America, the wisdom of "Peace Through Strength."

THE NEWS or "THE NEWS": INFORMATION or DISINFORMATION

A well informed public almost routinely makes good voting decisions. In these days of disinformative propaganda by 90% of our print media and 95% by our electronic media, **the CFR aim** is to rouse the masses into injudicious actions not in keeping with keeping our liberties and freedoms. Electronic media entertains our populace. **The Child** is the one in us entertained by the clowns & stories, the audio-visual. Many of these

entertainments, as a steady diet, contain threads to promote long term, **Childhood-based** resentments and riotous emotions and actions, **instead of reasoned, Adult-based, judicious, "common sense" behavior** and voting.

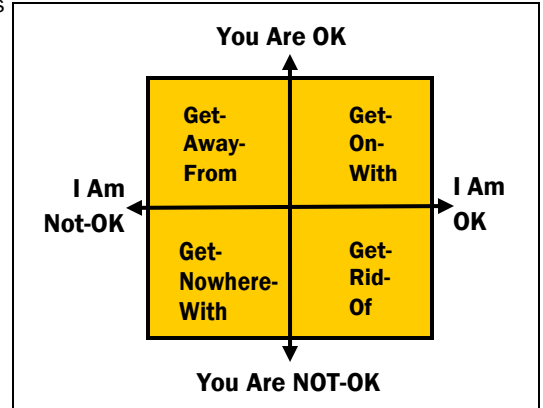

THE PRINCIPLE "SOVIET THREAT" TO THE USA COMES

FROM OUR CONTROLLED (CFR) TELEVISION. HEARD ABOUT THE CFR's PRIVATE CLUB IN MOSCOW?

"MUTUAL ACCOMODATION" in outline: "The OK Corral: The Grid For What's Happening!"

This shows the four major classes of event outcomes; from which you may be able to choose for events coming your way in life: **Get-On-With, Get-Rid-Of, Get-Away-From, and Get-Nowhere-With**. Both the physical impossibility and common sense judgment say - You cannot get-on-with every-

one, can't be friends with everyone. The next diagram shows how these outcomes come about.

"OK" is the VALUE holding weight for the event at hand. Some people you can be friends with (GOW), some you avoid (GAF), some you ignore (GNW), and some you dismiss (GRO).

THE OK CORRAL: GRID FOR WHAT'S HAPPENING
